**“Beyond The
Everyday
Experience”**

The community (located around 80 kilometres north of Weipa, Queensland), has established Camp Chivaree - a beachside base camp for the purpose of managing turtle conservation.

We work alongside the Camp Chivaree guides and researchers as they measure and tag nesting Flat Back, Olive Ridley and Hawksbill turtles, protect the nesting sites and remove nets and rubbish from the beach with the aid of purpose equipped 4WD vehicles.

Full details of the location and the work of the community are provided at www.capeyorkturtlerescue.com

Investment and Itinerary

Your investment for the “Beyond the Everyday Experience” is AUD\$6000 (GST inclusive) and includes:

- pre-arranged flights from Cairns to Weipa (return)
- overnight accommodation, dinner, breakfast and lunch in Weipa on the first night/day
- all costs and arrangements associated with the 5 day Cape York Turtle Rescue Camp (as outlined on the web site)

Our Australian based travel partner is also able to ensure that participants arrive in Cairns in time to meet and travel with the group (whether from international or domestic locations).

You will be asked to provide your own travel and health insurance and meet any personal costs (e.g. phone, alcohol) outside those identified in this invitation or in the additional information supplied by the Cape York Turtle Rescue Camp.

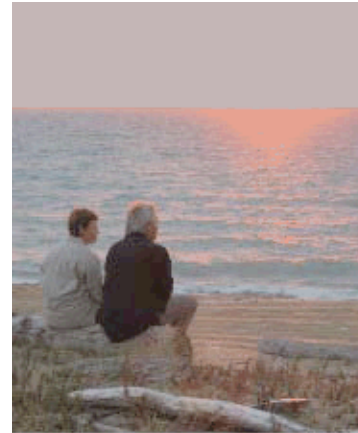

The following gives you an idea of the broad itinerary:

Day 1 Arrive in Weipa from Cairns and stay overnight

Day 2 Depart Weipa for Mapoon

Day 7 Depart Mapoon for Weipa and Cairns

Further details will be provided on application with a confirmed itinerary with departure and arrival times provided following registration.

“Beyond the Everyday Experience”

The Institute of Human Excellence and Global Leadership Foundation invite you to join them in a unique and deeply reflective 6 Day experience, especially designed for those who:

- Are exploring meaning and purpose in all aspects of their lives
- Are helping clients discover the power and effectiveness of who they really are, and
- Want to build a world that is mutually sustainable to us all.

These six days not only provide the opportunity to contribute to a significant ecological project but also offer you the time to strengthen and continue to explore the transformation dimension in yourself and methods of addressing it in others.

Our approach is to blend the work of the Mapoon community with a small study group of no more than 10 people. We will work together with the Camp Chivaree team for part of the day and evening and also spend time reflecting on and deepening our transpersonal coaching skills.

Facilitators from the Institute of Human Excellence and Global Leadership Foundation will work with the group during these sessions.
